**I. INTRODUCTION**

**A. PURPOSE**

The purpose of this Request for Proposal is to obtain sealed proposals for building access security services.

It is the goal of this Request for Proposal to establish a list of pre-qualified vendors that eligible agencies can use to obtain quotes for individual projects related to building access security.

**1. COMPETITIVE SEALED PROPOSAL**

It has been determined by Director, Government Support Services, pursuant to **Delaware Code Title 29, Chapter 6924 (a)** that this solicitation be offered as a request for competitive sealed proposals because the use of competitive sealed bidding is not practical and/or not in the best interest of the State. The use of competitive sealed proposals is necessary to:

- Use a contract other than a fixed-price type; or
- Conduct oral or written discussions with offerors concerning technical and price aspects of their proposals; or
- Afford offerors an opportunity to revise their proposals through best and final offers; or
- Compare the different price, quality and contractual factors of the proposals submitted; or
- Award a contract in which price is not the determining factor.

**2. CONTRACT REQUIREMENTS**

This contract will be issued to cover the building access security services requirements for all State Agencies.

**3. MANDATORY USE CONTRACT**

**REF: Title 29, Chapter 6911(d) Delaware Code.** All Covered Agencies as defined in 29 Del. C. §6902(6) shall procure all material, equipment and nonprofessional services through the statewide contracts administered by Government Support Services, Office of Management and Budget. Delaware State University, Delaware Technical and Community College, School Districts, and the Legislative Branch are specifically exempted from the requirements of this subchapter. In addition, the Delaware Transit Corporation is exempt from the entire procurement chapter. Pursuant to 29 Del. C. §6904(l) and (n) respectively, the Department of Elections and the Board of Pension Trustees have certain exemptions from the procurement chapter which may or may not apply to this Request for Proposals.

**4. MULTIPLE SOURCE AWARD**

The Agency reserves the right to award this contract to more than one vendor pursuant to 29 Del.C. §6926. The basis for such selection shall be:

- Ability to select an alternative supplier based on agency budget constraints.
- Vendor ability to meet all contract requirements

**II. SCOPE OF WORK**

**A. OVERVIEW:**

The Vendor(s) shall provide all equipment, materials and labor to supplement the State of Delaware's need for building access security services as described herein. The contract will require the Vendor(s) to cooperate with the ordering agency to insure the State receives the most current state-of-the-art material and/or services.

**B. BACKGROUND:**

The State has adopted a Building Access Security Standard to establish consistency in both the quality and the security of the building access controls for State of Delaware facilities. The standard meets the needs of the Division of Capitol Police regarding building access, occupant identification and emergency access. The Statewide Building Security Committee; consisting of representatives from Capitol Police, Division of Facilities, and Department of Information and Technology, has been established to oversee and provide approval prior to the purchase of new security systems and upgrades on existing systems. Approval is to be granted through the DTI business case process.

**C. STATEMENT OF NEEDS:**

The State of Delaware, through this solicitation, will create a short list of pre-qualified vendors for building access security services that Agencies can use to obtain quotes from. The list will allow agencies to move quicker through the process and avoid the need to go out to bid for each installation. The State is looking for "Value Added" proposals.

**D. CONFIDENTIALITY AND DATA INTEGRITY:**

The State of Delaware, Department of Technology and Information is responsible for safeguarding the integrity of data in State computer files regardless of the source of those data or medium on which they are stored; e.g., electronic data, computer output microfilm (COM), tape or disk. Computer programs developed to process State agency data will not be modified without the knowledge and written authorization of the Department of Technology and Information. All data generated from the original source data, shall be the property of the State of Delaware. The control of the disclosure of those data shall be retained by the State of Delaware and the Department of Technology and Information.

The Contractor and the State of Delaware shall sign a mutually agreeable Non-Disclosure Agreement (NDA). The mutual NDA shall safeguard the confidentiality and integrity of each party's confidential information. If the Contractor utilizes service partners or service alliances in the performance of work, the Contractor may be required to secure an applicable signed confidentiality statement from such service providers prior to their beginning work, Appendix B.

**E. SECURITY:**

Computer, network, and information security is of paramount concern for the State of Delaware and the Department of Technology and Information. The State of Delaware wants to ensure that computer/network hardware and software does not compromise the security of its IT infrastructure. The SANS Institute and the FBI have released a document describing the Top 20 Internet Security Treats. The document is available at [www.sans.org/top20.htm](http://www.sans.org/top20.htm) for review by the Purchaser. It is the responsibility of the Purchaser to run and install the appropriate updates when the product is first used by the customer, provided the purchasing agent orders the appropriate commercially available security software to be factory-loaded, the Contractor will make commercially reasonable efforts to provide Cisco branded systems that are, at the time of shipment, free of known viruses and applicable vulnerabilities listed in that document.

- a. **Termination for Cause:** If, for any reasons, or through any cause, the Vendor fails to fulfill in timely and proper manner its obligations under this Contract, or if the Vendor violates any of the covenants, agreements, or stipulations of this Contract, the State shall thereupon have the right to terminate this contract by giving written notice to the Vendor of such termination and specifying the effective date thereof, at least 30 days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs, and reports or other material prepared by the Vendor under this Contract shall, at the option of the State, become its property, and the Vendor shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents and other materials which is usable to the State.
- b. **Termination for Convenience:** The State may terminate this Contract at any time by giving written notice of such termination and specifying the effective date thereof, at least sixty (60) days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, models, photographs, reports, supplies, and other materials shall, at the option of the State, become its property and the Vendor shall be entitled to receive compensation for any satisfactory work completed on such documents and other materials, and which is usable to the State.
- c. **Termination for Non-Appropriations:** In the event the General Assembly fails to appropriate the specific funds necessary to enter into or continue the contractual agreement, in whole or part, the agreement shall be terminated as to any obligation of the State requiring the expenditure of money for which no specific appropriation is available at the end of the last fiscal year for which no appropriation is available or upon the exhaustion of funds. This is not a termination for convenience and will not be converted to such.

**38. CHANGES**

Both parties may, from time to time, require changes in the services to be provided by the Vendor under the Scope of Work. Such changes, including any increase or decrease in the amount of the Vendor's compensation, which are mutually agreed upon by and between the Agency and the Vendor shall be incorporated in written amendments to the Purchase Order or contract.

**48. REMEDIES**

Except as otherwise provided in this contract, all claims, counterclaims, disputes, and other matters in question between the State and the Vendor arising out of, or relating to, this contract, or a breach of it may be decided by arbitration if the parties mutually agree, or in a court of competent jurisdiction within the State of Delaware.
